

TABLE OF CONTENTS

Part I

Signs

A

General Provisions

Uniformity	14-298-500
Legal authority	14-298-501
Standardization of application	14-298-502
Variable message signs	14-298-503
Classification of signs	14-298-504
Standardization of signs	14-298-505
Design	14-298-506
Shapes	14-298-507
Colors	14-298-508
Dimensions	14-298-509
Illumination and reflectorization	14-298-510
Sign borders	14-298-511
Reserved	14-298-512
Supplemental beacons	14-298-513
Height	14-298-514
Lateral clearance	14-298-515
Position of signs	14-298-516
Erection	14-298-517
Maintenance	14-298-518

B

Regulatory Signs

Application of regulatory signs	14-298-519
Classification of regulatory signs	14-298-520
Design of regulatory signs	14-298-521
Stop signs	14-298-522
Application of stop sign	14-298-523
Yield sign	14-298-524
Location of stop sign and yield sign	14-298-525
Speed limit sign	14-298-526
Minimum speed sign	14-298-527
Location of speed limit sign	14-298-528
Turn prohibition signs	14-298-529
U-Turn prohibition sign	14-298-530
Lane-use control signs	14-298-531
Applications of lane-use control signs at intersections	14-298-532
Location of lane-use control signs	14-298-533
Do not pass sign	14-298-534
Slower traffic keep right	14-298-535
Signs for uphill traffic lanes	14-298-536

Keep right sign 14-298-537
 Do not enter sign 14-298-538
 One way sign 14-298-539
 Parking and stopping signs 14-298-540
 Emergency parking signs 14-298-541
 Traffic signal signs 14-298-542
 Keep off median sign 14-298-543
 Road closed sign 14-298-544
 Local traffic only sign 14-298-545
 Weight limit sign 14-298-546
 Weigh station signs 14-298-547
 Two way left turn only signs 14-298-548
 Preferential lane signing 14-298-549
 Wrong way 14-298-550
 No turn on red 14-298-551
 Other regulatory signs 14-298-552

C

Warning Signs

Application of warning signs 14-298-553
 Design of warning signs 14-298-554
 Placement of warning signs 14-298-555
 Reserved 14-298-556 - 14-298-599

Part II

Markings

A

General Provisions

Legal authority 14-298-600
 Standardization 14-298-601
 Materials 14-298-602
 Colors 14-298-603
 Longitudinal pavement markings 14-298-604
 Widths and patterns of longitudinal lines 14-298-605
 Types of longitudinal lines 14-298-606
 Transverse markings 14-298-607

B

Pavement and Curb Markings

Center lines 14-298-608
 Lane lines 14-298-609
 No passing zone markings 14-298-610
 Application of no passing zone markings 14-298-611
 Warrants for no passing zones at curves 14-298-612
 Pavement edge lines 14-298-613

Pavement marking extensions through intersections or interchanges 14-298-614
 Lane reduction transitions..... 14-298-615
 Channelizing line 14-298-616
 Medial islands formed by pavement markings 14-298-617
 Marking of interchange ramps 14-298-618
 Combination lane and center line markings for unique applications..... 14-298-619
 Approach to an obstruction..... 14-298-620
 Stop lines 14-298-621
 Crosswalk and crosswalk lines 14-298-622
 Speed measurement markings..... 14-298-623
 Parking space markings 14-298-624
 Pavement word and symbol markings 14-298-625
 Preferential lane markings 14-298-626

C

Object Markings

Object marker design 14-298-627
 Objects in the roadway 14-298-628
 Objects adjacent to the roadway 14-298-629
 End of roadway 14-298-630

D

Delineation

Design 14-298-631
 Curb markings for delineation 14-298-632
 Delineator application..... 14-298-633
 Delineator placement and spacing 14-298-634

E

Colored Pavements

Colored pavements 14-298-635
 Colors..... 14-298-636
 Reserved 14-298-637 - 14-298-699

Part III

Signals

A

General Provisions

Legal traffic authority 14-298-700
 Standardization 14-298-701
 Installation and operation of signals 14-298-702
 Area of control..... 14-298-703
 Portable traffic control signals 14-298-704

Meaning of signal indications 14-298-705
 Application of signal indication..... 14-298-706
 Number of lenses per signal face 14-298-707
 Size and design of signal lenses..... 14-298-708
 Arrangement of lenses in signal faces 14-298-709
 Illumination of lenses..... 14-298-710
 Number and location of signal faces..... 14-298-711
 Height of signal faces 14-298-712
 Vehicle change interval 14-298-713
 Coordination of traffic control signals..... 14-298-714
 Flashing operation of traffic control signals 14-298-715
 Continuity of operation..... 14-298-716
 Traffic signals near grade crossings..... 14-298-717
 Emergency operation of traffic signals 14-298-718
 Maintenance of traffic control signals 14-298-719
 Painting..... 14-298-720
 Auxiliary signs..... 14-298-721

B

Pedestrian Signals

Meaning of pedestrian indications..... 14-298-722
 Application of pedestrian signal indications..... 14-298-723
 Design of pedestrian signals 14-298-724
 Location of pedestrian signals 14-298-725
 Pedestrian intervals and phases..... 14-298-726

C

Other Highway Traffic Signals

Hazard identification beacon 14-298-727
 Speed limit sign beacon 14-298-728
 Intersection control beacon..... 14-298-729
 Stop sign beacon 14-298-730
 General design and operation of beacons 14-298-731
 Hazard identification beacon location 14-298-732
 Intersection control beacon location 14-298-733
 Meaning of lane-use control signal indications 14-298-734
 Design of lane-use control signals..... 14-298-735
 Location of lane-use control signals 14-298-736
 Operation of lane use control signals..... 14-298-737
 Application of traffic signals at drawbridges..... 14-298-738
 Design of movable bridge signals and gates..... 14-298-739
 Location of movable bridge signals and gates 14-298-740
 Operation of movable bridge signals and gates 14-298-741
 Reserved 14-298-742 - 14-298-799

Part IV

Traffic Control for Highway Construction and Maintenance

A

Operation

Responsibility 14-298-800
 General requirements 14-298-801

B

Signs

General

Design 14-298-802
 Illumination and reflectorization 14-298-803
 Position of signs..... 14-298-804

Regulatory Signs

Authority..... 14-298-805
 Design..... 14-298-806

Warning Signs

Design and application 14-298-807

Guide Signs

Function and design of information and guide signs..... 14-298-808

C

Barricades and Channelizing Devices

Barricade design 14-298-809
 Cone design 14-298-810
 Drum design..... 14-298-811
 Reserved 14-298-812 - 14-298-899

Part V

Traffic Control Systems for Railroad-Highway Grade Crossings

A

General Provisions

Functions.....	14-298-900
Legal authority.....	14-298-901
Standardization	14-298-902

B

Signs and Pavement Markings

Railroad crossing sign (crossbuck).....	14-298-903
Railroad advance warning sign.....	14-298-904
Turn restriction sign	14-298-905
"Do not stop on tracks" sign	14-298-906
Pavement markings.....	14-298-907

C

Crossing Signals

Application	14-298-908
Operation	14-298-909
Motorist response to railroad/highway grade crossing signals	14-298-910
Traffic signals at or near grade crossings	14-298-911
